TrawellTag Cover-More helps fight rough times during adventure trip

TBM Staff | New Delhi

Rajesh Chikkon, a seasoned travel industry executive, well-acquainted with the importance of travel assistance and insurance, opted for an adventure sports add-on with

TrawellTag Cover-More, based on the itinerary of the trip which helped him fight a horrific accident which he encountered on a Segway ride at one of the national parks in Australia.

It was discovered that Chikkon had broken his femur. The trip coordinator informed TrawellTag Cover-More about Chikkon's incident and he was immediately airlifted to a reputed hospital for further treatment and surgery. With appropriate care and cashless treatment, Chikkon was discharged and was escorted back to India by his brother-in-law, whose visit was also facilitated by TrawellTag Cover-More. Chikkon's wise decision-making coupled with a holistic assistance and insurance plan stood by him through rough times.

Chikkon said, "My adventure trip in Australia was cut short due to a Segway mishap, but TrawellTag Cover-More put me back on my feet, leaving no regrets of the tour." ♦
