## Help! when you need the most...

Every year, thousands of tourists visit Mt. Titlis in Switzerland to experience attractions such as the world's first revolving cable car, the glacier cave and Titlis Cliff walk which is also Europe's highest suspension bridge. Sushma Garg was visiting Switzerland, and had gone hiking to soak in the beauty and tranquility of the place that looks straight out of a painting.

Garg was almost at the end of her hike, when she lost balance and had a fall, resulting in a dislocated radius fracture. It did not take long for the bliss to turn into unbearable pain and agony and she had to be hospitalized

immediately. As Garg's travel assistance providers, TrawellTag Cover-More's emergency assistance team got in touch with the hospital authorities as soon as they were intimated about the incident. TrawellTag Cover-More coordinated between Sushma Garg's family and the hospital authorities, helping them with timely updates on the paperwork, formalities and managed the financial aspects of the procedure prior to her discharge.

We don't just want to meet your expectations; we want to repeatedly exceed them!
